Good morning!

I do not agree with the redistricting Texas is trying to do right now! This is not the time we usually redistrict, it is not time for the census and it is right before an election. Politicians are clearly doing this because Trump asked you to do this. This is not democracy and is not fair! This state has unfairly redistricted the state for over 20 years, using republican gathered information behind closed doors. If you go through with this the majority of people's voices in this state will not be heard and that is unacceptable! We, the people of this state and country deserve to have our voices heard and listened to! That is democracy! I am telling you to stop the unfair redistricting plans and allow the people of Texas the fair and democratic opportunity to have our voices heard!

Thank you!
