Message:

Rather than looking to the interests of everyday, working-class Texans like myself and my family, you are deciding to bow to the emperor of the United States and continue discussing this absurd redistricting.

If you really want to do what's right by Texas, put an end to this insanity and pick up the work of serving this state's best interests.

By going through with this redistricting process, you are going to cause irreparable harm, and you will not be accurately representing the needs and interests of working-class Texans.

A few weeks ago, hundreds of us perished, and your priority seems to be not our lives or our livelihoods, but rather the appeasement of the governor and the president.
