Hi. My name is Judie Pena and I am against the proposition to redistrict Texas at this time. Redistricting is supposed to be done every 10years based on Census numbers. To do this at this time would be gerrymandering. There is no need to move up redistricting 5 years other than as a control grab. Our entire government is set up with checks and balances to prevent any group obtaining too much power. This is why it is subject to census years and census numbers. Our representation should be chosen by the people not our representation choosing their people. Vote no to SB4.

Thank you
