Message:

Texans are sick and tired of the Republican Party running roughshod over our rights. In particular, our voting rights! Congressional districts are supposed to represent communities of common interest, so communities of all types in Texas can elect representatives who actually represent US. Instead, the party in power divies up Texans into bizarre groupings so that THEY can estimate they'll stay in power. It is shameful, dishonest, undemocratic, and harmful to the state as a whole. This latest push by the Trump Administration is even worse than normal, as it's the U.S. President telling Texas to redistrict on an off year, in the belief he'll benefit. ABSOLUTELY DISGUSTING. And this Congress takes his issue up ahead of all others. I'm proud of congresspersons who stand up for democracy and for Texans and left the state to stop this shameful action. 2025 redistricting should be shut down, voted OUT.
