Phone: [REDACTED]

Affirm public info: I agree

Regarding: Congressional

Message:

I am strongly opposed to the redistributing efforts. Especially as this is now tied to relief efforts for the hill country flooding. This is a despicable abuse of power designed to benefit only one party. I urge you to vote against the redistricting and to concentrate your efforts on relief for those affected by the flooding and to put in warning systems that could prevent such loss of lives in the future.
