Message:

I am a 64-year-old District 2 constituent living in Garland. I'm a Navy brat who has lived and worked in many places in my life. The places I've loved best were those with people of all colors.

I cherish our representative form of government, and Texas already has a history of drawing unfair boundaries in voting districts. I strongly oppose this rushed attempt to redraw the maps to disenfranchise my black and brown neighbors.

I am deeply concerned with both the federal and state lawmakers' current agenda to return our country and state to an earlier time they call "great": one where working-class people of all colors were not treated equally.

I am white; and my privilege has become obvious when I don't have to fear law enforcement.

Thank you for your public service. May God guide your thoughts and actions!
