Message:

Growing up we say the pledge of allegiance and the Texas flag but never did I think that the people that are supposed to protect and listen to us the ones we said the pledge for because you are our leader would do more harm than good with that power. Redistricting is Texas is the Wrong choice, and listening to the man we call "president" the man who is ruining peoples lives to help him get more seats it's insane. Think about this because just because you disagree with the other party doesn't make it wrong. When did disagreement with someone make it okay for us to silence them?
