Message:

I am writing to oppose the rushed special legislative session that has been called for a mid-decade redistricting. It's a clearly calculated, anti-democratic power grab steeped in political manipulation and devoid of honor to your positions as public servants. You serve ALL Texans, not just the republican ones and not solely at the whims of our president. Put an end to this clear demagoguery of political opportunists.

As a native Texan, veteran and dedicated community worker, I call for our elected representatives to move forward with integrity and transparency, allow for public input and fair representation. The constituents see what the republican representatives are trying to do and it is not in keeping with our proud state. Please avoid these cowardly political maneuverings and earn your seats the true democratic way, by fair and honest elections.
