Affirm public info: I agree

Regarding: Congressional

Message:

I am writing to express my strong opposition to the proposed mid-decade redistricting in Texas, especially under the influence of former President Donald Trump. Redistricting should be driven by accurate census data and public need—not partisan pressure or political gain.

Historically, redistricting in Texas has raised concerns about fairness and representation. To proceed with such a significant change at Trump’s request undermines the democratic process and disregards the diverse voices of Texans. We all contribute to this state. We work here, we vote here, and we build our communities here. This redistricting effort does not reflect the will of everyday Texans from all walks of life. Instead, it risks silencing many of us in favor of short-term political interests.

This is not just unjust, it’s undemocratic. I urge you to reject this mid-decade redistricting push and stand for fair, transparent representation for all Texans.
