Message:

I am opposed to the current effort to redistricting in the state of texas. There is no significant change in the census data that warrants a mid cycle redistricting. Further more, trump has publicly stated he has asked Greg Abbott to change the maps and get him more republican seats. This is purely politically motivated and costs minorities the right to representation. It is designed to dilute their voice which is against democracy and our constitution. Please put the citizens of texas and preserving our democratic process above your political party and your fear of the bullies currently running our nation and your personal preservation of power and do not pass the redistricting effort.
