Message:

If you do anything regarding redistricting you should un-gerrymander the districts already gerrymandered. Gerrymandering is election fraud committed by legislatures to keep the will of the people from being expressed. It is for your own selfish interests and you should be ashamed of your actions. I live in a gerrymandered district and do not have a good person representing me in Washington. I look forward to the day when Texas actually has free and fair elections. I don't have any faith in you though.
