Regarding: Congressional

Message:

There is no justification for this congressional redistricting. It is unnecessary, confusing to voters and will cause the state to waste

time and money during the special session – only to later waste more time and money in litigation over whatever maps are proposed.

Electoral districts are revised every 10 years after a comprehensive and accurate census. This mid-period redistricting is

unwarranted, unjust, and unethical. In this short special session which is taking place, we should not be wasting efforts on

redistricting but rather putting all resources on the solutions needed to prevent disaster and deaths from flooding.
