Good afternoon, my name is Manuel Hernandez. I am a citizen from Eagle Pass in Maverick County state district 47. I am writing with strong concern regarding the plans for redistricting the state. Besides the bad optics, this drives a wedge in the communities that would benefit from resources the most. It leads to confusion, frustration, anger and distrust.

To our representatives, I ask that you remember the oath you took when you got into office. How proud you felt when swearing in, seeing your loved ones swell up with pride. We believe that you started in politics for the greater good. You cannot turn a blind eye to the needs of your constituents anymore. From the redistricting, preparation/funding for emergencies, to the THC ban you have neglected the voice of your constituents. Why? only you know. However the rise of social media has help shine light on these issues which keep you all accountable. Especially how your votes in the past affect us today for example the recent flooding.

I would like to thank our local representative Mr. Eddie Morales Jr. for using all forms of communication to keep open dialogue with us and maintaining transparency on how he votes giving a thorough reasoning to his decision-making. For too long our area of Texas has been neglected, funds not properly use due to rampant corruption that exists to this day but our citizens have awoken from our slumber and are keeping our representatives accountable.

Finally, I would like to thank Governor Abbott drawing attention to our region during the migrant crisis helping to secure our community, even though I do not agree with all the methods he used. However this has shone light on the needs of our community and we look forward to working with officials to grow together to meet our God-given potential.

God Bless Texas,

Respectfully,

Manuel De Jesus Hernandez, PA-C.
