Title: N/A
Organization: Self
Address: [REDACTED]
City: Houston
State: Texas
Zipcode: [REDACTED]
Phone: [REDACTED]

Affirm public info: I agree

Regarding: Congressional

Message:

I oppose the new redistricting map. It is a blatant attempt to steal power for Donald Trump and Greg Abbott. The people of Texas should get to pick their representatives through their vote based on the policies that the representatives fight for. If President Trump is afraid he won't get support in next election, he should change his policies. What the Texas legislature is doing is taking away our right to vote and choose our representatives. The maps as drawn are racist and illegal. Our state is a majority people of color and yet the map provides for only the white minority to elect a representative of their choice. This is voter suppression. Do the right thing and reject this new redistricting attempt. Do what you were elected to do and make policies to improve the lives of the people of Texas: make sure everyone has access to quality health care, quality public schools, upgraded infrastructure and are protected from floods and other natural disasters, to name just a few of the many issues that effect our daily lives and that you were elected to improve.
