Title: N/A

Organization: Self

Address: [REDACTED]

City: Houston

State: Texas

Zipcode: [REDACTED]

Phone: [REDACTED]

Affirm public info: I agree

Regarding: Congressional

Message:

I am currently a constituent of Representative Al Green; the abhorrent new proposed congressional map would impact me directly. True to form the Texas State Governor and his administration are conspiring with the Trump administration to steal 5 Democratic congressional seats in order to limit the voices of the minorities in the state of Texas.

Democracy is under attack and the Texas State Legislature should respect the will of the voters by drawing fair and equitable congressional districts.

The new map makes it impossible for constituents to have their representatives office close to their residence.

I believe every voter's voice should be heard through their vote in each election. This gerrymandering of congressional districts will silence the majority minority voters in the State of Texas.

Grow a spine and refuse to unconstitutionally midterm redraw the state's congressional districts.

(These current actions by Gov. Abbott are Jim Crow era tactics and should be condemned.)
