Message:

I am highly against this bill and urge any legislators on the fence or supporting it to consider the ramifications of gerrymandering and scheming to get this done. This would be breaking up districts required for minority groups and would violate the Voting Rights Act. This is being done as a manipulative way to decide which party has control - rather than let the people elect their chosen legislators. This also creates opportunities for litigation, for which our tax dollars do not need to be spent on.
