Message:

Simply, don't do this. Why would this reflect citizens needs? Because it doesn't and your rulings never have. Texas government relies on inefficiency so that you can shift the blame. I don't know why you're in that seat, if it were my way, I would have regular people represent regular people. You do not represent your constituency you represent your own pockets and cowardice. You were never built for compromise, you were never built for empathy, you were not elected. You were bought. We all know how this is going to end anyways because it doesn't matter what we say. You will do whatever you want to do because that is the way you have operated for years. Don't re-draw my districts, all of you should have your Texas lineage erased. You will never be for freedom and the pursuit of happiness.
