Message:

I feel that the Texas districts are already drawn in favor of the republican party. The purpose of this redistricting is to allow for more seats of that same party while taking away seats in the democratic party. The republican party seems to have issue with becoming unpopular and know that cheating is the only way they may hold on to power. This party does not have credibility to stand on its own and must use underhanded tactics to get what they want.

I do not agree with the proposed redistricting plan. It is unnecessary and further gerrymander's the state of Texas. This plan is not in the best interest of Texas, but instead for those who cannot win an honest election.
