Message:

I am writing this message concerning your efforts to redistrict our already gerrymandered voting maps here in Texas. I will remind you that as a Texas Senator, you have an obligation and duty to protect our right to free and fair elections. Rather than doing your constitutional duty by us, you are entertaining the whims of President Donald Trump, a reality TV, vengeance seeking hateful man that doesn't care about anything but power for himself and his donors. Instead of pushing back all I see is you making excuses so you can ride his coat tails to keep power for yourselves. WHERE IS OUR POWER?! It's our vote. You know it and so do we. Now you want to snatch it away from us? I just want to clarify for the record that you all said the last time you changed our voting map districts you said it was fair and not based on race. Also, there are currently districts left without representation. Why has Governor Abbott not allowed a vote for the replacement of Representatives that have passed away? I hear, it was an easy way for Republicans to cheat us out

of saying NO to that Big Ugly Bill. Some of you gleefully voting in favor of it knowing we would suffer for it. It's also evident to me that Donald Trump isn't bright enough to know what our voting maps even mean, nevermind that he needs 5 more seats from us. Something reeks of bullshit in all of this and I can only come to one conclusion. YOU ALL are helping him. You are offering us up to him on a platter. I find this extremely upsetting. Texans don't lick the loafers of a wannabe dictator and we shouldn't be allowing him to make decisions for our state. You all should be working double time to solve the flood risks we have in the hill country. You already ignored previous requests to fund life saving measures and as a result cost so many lives over the July 4th holiday, many children and families have been devastated. That should have been your only priority for this special session. It's clear to me that some of you don't care about us. We are just fodder in this sick political game you play. You all know Texans are underrepresented and our needs have been ignored for far too long. Here's the reality though, If you all had only tried to stand up for us all along you wouldn't need to gerrymander our voting maps. You would be secure in your seats. It seems to me the only one you're afraid of is Donald Trump and Christian nationalist conspiracy nuts with more money than sense. No longer will we put up with this. I am absolutely 100% against redistricting. Especially when the agenda is to screw us over, again. Please just focus on helping our friends in the hill country stay safe and help them rebuild their lives. Stop this push to redistrict. IF you still need something to do to fill you're time you could demand the release of the Jeffery Epstein

files and try to find out why
your pal Donald Trump was
mentioned repeatedly. I also want
every \$\$\$\$ given to him
investigated. Who was giving him
money and why? There were over
1000 girls and young women
sexually abused and I think it's
time we find out by whom don't
you? The victims deserve justice
not cover ups.
