Affirm public info: I agree

Regarding: Congressional

Message:

As Texas grows more and more every year it is important that citizens voices are heard, and that includes all citizens of this state. These redistricting efforts do not allow for the voices of all of citizens of this state to be heard. Instead they redraw lines in a way that would disenfranchise voters, particularly already underserved voters in our state. Growing up I was always taught that America was a great melting pot, that people from all over the world could come here to find a better life than what they otherwise had, and yet time and time again we have all over this country continued to disprove that idea. Texas is especially a melting pot of cultures and ideas and that requires representation for all of its citizens. I urge you to vote against this redistricting effort and for the state of Texas to focus it's efforts on representing all of its citizens.
Thank you.
