Affirm public info: I agree

Regarding: Congressional

Message:

I want to express strong opposition to the efforts to redraw congressional and state legislative districts in Texas in a way that favors one political party over another. I'm a constituent from district 35.

Gerrymandering undermines the core principles of democracy, erodes public trust in government, and silences many Texans. Fair representation is essential for a healthy democracy. It ensures every Texan has an equal voice and that communities can choose their representatives.

Reject any map that demonstrates clear partisan gerrymandering. Instead, support a transparent, fair redistricting process based on democratic values and community input. Texans deserve district lines that accurately reflect diverse communities and foster true representation.

My family grew up in another country where the sitting president is changing the constitution in order to be reelected indefinitely; this is scary and the thought of politicians changing district lines to favor a political party is scary and unfair.

Thank you for your attention
