Message:

The continued gerrymandering/redistricting of this state is wrong on too many levels to count. There is literally no reason to do this after it was completed four years ago other than to placate to the wishes of corruption.

Government is supposed to work for the people and instituting another map change does nothing but attempt to take away the voices of those very people. This is wrong and completely unforgivable and is continuing to set up exactly what the people of the state do NOT want. Be better.
