Message:

My state senator was Kelly Hancock so I have no representation in this matter. I passionately disagree with redistricting. I have lived in a state senate district and a Texas House District that do not adequately represent the people already. They were gerrymandered against minorities to begin with.

This process will compound the feeling that so many Americans have that politicians have rigged the system against them. Stick to redistricting at the census. This is blatantly racist and FISCALLY IRRESPONSIBLE
