Gerrymandering should be illegal. Shame on the Texas House and Texas Senate for thinking that they can create safe seats by gerrymandering. But hey, if you have all the power and no accountability, then why not? After all, Texas voters are just a mere bump in the road to ultimate power. and I totally understand why you're doing this. The reason is because you know that if you had to answer to all Texans, you would not be able to get away with half of the stuff you're getting away with now.
