Affirm public info: I agree

Regarding: Congressional

Message:

I firmly oppose redistricting efforts in Texas that silence the voices of voters. Gerrymandering, in any form, hurts and takes away the power from the individual and undermines the democratic process. It manipulates district boundaries to favor one party over the other, and often diluting the power of communities— particularly communities of color, young voters, and working class Texans That are an important part of the voting process and deserve fair and equal representation. Every citizen should have equal opportunity to elect leaders that represent their values and needs. When districts are redrawn with partisan motives, it erodes public trust in our institutions, discourages civic engagement, and weakens the very foundation of democracy. Texas is very diverse and rapidly growing state. Our political representation should reflect that. Any attempts to redraw the map poses as a direct threat to our integrity of our democracy. Every vote should count equally. I urge this body to prioritize transparency, fairness, and accountability throughout the process and commit to maps that reflect the true makeup and will of the people. Anything less is not only injustice, it's unconstitutional. Texas belongs to all of us.
