Message:

I testified against redistricting at the July 26 online meeting, before the proposed map was available. Now that it has been released, I am even more opposed to this action.

I live in the current CD-32 and would be gerrymandered into the proposed CD-32 as well. The proposed map takes a section of suburban, liberal leaning Dallas County and annexes it into a conservative, rural East Texas district. This is being done for the sole purpose of neutralizing the Dallas County voters and ensuring Republican control despite not having the support to win a free and fair election.
