Message:

I am adamantly opposed to the current effort of Mid-Decade Redistricting.

This effort strongly suggests re-districting with Republican partisan advantages as their goal.

This can be accurately translated as GERRYHAMNDERING, dishonest, corrupt, blatantly partisan process that benefits Republicans, but not the constituents that you claim to represent.

If you truly represent us, as you all took an oath to do, then you will abide by the Constitution and redistrict only each ten years, following the Census, which purpose is to accurately proportionally represent the diversity living in each district.

Properly drawn districts are contiguous, compact and represent the character of the neighborhoods that live within district lines. Wrongly drawn, gerrymandered districts are spread out all over and are deliberately designed to dilute the voting power of minority and disadvantaged groups within.

For this reason, I am strongly in favor of having independent, non-partisan commissions to draw our district lines, according to the Constitution.

I am certain that great opposition to this mid-decade plan of redistricting has come to your attention. You must certainly be aware of opposition from calls, e-mails, written testimony like mine and street protests outside the hearings.

Yet, I fear that you will vote for and implement this corrupt, shameful, and unscrupulous plan in spite of the opposition opinions of your constituents whom you claim to represent.

If you truly care about the opinions and wishes of We the People, you would not limit public testimony to only five hours, but you would stay and listen until the last testimony has been given, even if you have to stay until the middle of the night!

If you all vote in favor of this reprehensible mid-decade redistricting, I have no choice but to consider you as CORRUPT POLITICIANS.
