Affirm public info: I agree

Regarding: Congressional

Message:

We all know that what you're trying to do with redistricting right now is not right.

We all know what you should be doing is looking to resolve the issues from the flooding in central Texas. That would be the best use of your time in the special session.

Instead, you are trying to rig the system. You are trying to take away the value and the power of our vote.

This has been shared over and over in the hearings that the House held. You will hear it again in this hearing. Overwhelmingly, voters do not approve of redistricting at this time, in this way.

Be brave, be courageous. Serve your constituents and serve our state and serve our country. Redistricting at this time is not the right thing to do. Do not pass this bill.

Do what is right for Texas and for our country

Thank you.
