Message:

To the Texas Senate, regarding current redistricting plans;

The efforts to further gerrymander districting in Texas are a clear attempt to disenfranchise non-republican voters. This can only lead to more of your constituents being effectively silenced. Perhaps this is a desirable outcome to those who would prefer not to hear a dissenting voice, but it is cowardly, and, especially given the persons at whose behest you have initiated these procedures, just another step towards fascism. Please listen to the voices of the many Texans who would be negatively affected by this redistricting plan, and also to the voices of your own inner conscience, where the non-partisan values of most Americans dwell, and put a stop to these immoral efforts.

Thank you for your time, Terry Humphries
