Message:

I'm AGAINST HB4.

There's no new census or evidence that Texas needs new maps mid-decade.

Instead of helping Texans recover from the July 4 floods, lawmakers are wasting this special session on gerrymandering.

Trump himself said: "Texas will be the biggest one. Just a very simple redrawing, we pick up five seats." This is openly partisan.

These maps disproportionately harm communities of color, stripping away their chance at fair representation.

This is about silencing communities instead of serving them.
