Message:

Texas should not be redistricting, mid-decade, at the bidding of President Trump. This is a blatant power grab, and Governor Abbott and our legislature need to do what's best for Texans, not allow the President to take over our state. The new maps are not reflective or representative of Texas voters, and these redrawn districts will disenfranchise working people and take away our vote and our voice. This is undemocratic and will leave many Texans, especially people of color and those from already marginalized communities, without representation. Please vote NO on this mid-decade redistricting scheme. Listen to your constituents and do what's right for the people of Texas.
