Message:

The blatant gerrymandering of our state is a disgusting waste of time. District lines should ONLY be drawn to represent the people and allow voices to be heard. The unapologetic decision to push Democrats out of their seats and silence the democratic voices in Texas is disgusting and anti constitutional. Not unconstitutional, but literally against the ideas and values of our democracy. Please end this disgusting waste of government time and resources, and instead focus on what our state needs. The people of Texas do NOT want this redistricting, we did not ask to be gerrymandered, and we will be making our voices heard no matter what.
