

BRANDON CREIGHTON

STATE SENATOR  DISTRICT 4

Dear Friends,

As we implement preventative measures to stop the spread of Covid-19, most of our schools are making difficult decisions to postpone classes until we know more. Senate District 4 has 19 school districts, and my staff and I have been in communication with all of them to provide the best information and resources they require to continue serving Texas students. Governor Abbott has waived STAAR exams for the 2019-2020 school year, but now more than ever, Texas educators will be doing great work— day in and day out— for young Texans.

Policies are still changing, but below is a list of all the school district websites. They will have information on closures, online and distance learning and meal delivery. If you have any problems finding information, do not hesitate to contact me at Brandon.Creighton@senate.texas.gov and I will get you the information or the contact for someone in your district.

I am in regular contact with Governor Abbott, Lt. Governor Patrick, state and local health officials, and all of the local officials across Senate District 4. If you have questions about symptoms, treatment and prevention, visit the Texas Department of Health Services website [here](#).

If you need anything, my team and I are working around the clock to get you assistance and up to date information. Do not hesitate to [email](#) or call me at the numbers listed below.

God Bless Texas,
