Senator Powell Reacts to TRS Lease Agreement

Fort Worth, TX— The Teacher Retirement System of Texas has signed a 10-year lease for office space in the Indeed Tower, which was revealed through a public records request earlier this month.

Senator Powell released the following statement:

"Our retired teachers are dedicated public servants and I worked hard this session to advocate on their behalf. The news regarding TRS's expensive new lease is a blow to those very teachers, who have been asked to live on a fixed income for far too long despite significant cost of living increases. Public agencies have the obligation to be prudent and transparent with their spending, and teachers have good reason to question this TRS decision."
