Lt. Gov. Appoints Senator Miles to Four Key Committees
Agriculture, Water & Rural Affairs, Health & Human Services, Natural Resources & Economic Development and Nominations

AUSTIN- Senator Borriss Miles was appointed by Lieutenant Governor Dan Patrick to the following Senate Committees: Agriculture, Water & Rural Affairs, Health & Human Services, Natural Resources & Economic Development and Nominations.

"Now that the committee assignments are set, it's time to go work," said Senator Miles. "I want to thank the Lt. Governor for these appointments and understanding that I came to the Senate to push for the issues important to Senate District 13. These assignments will allow me to continue the work I began in the Texas House and maximize those efforts in the Senate. I plan on fighting every single day for the people of Senate District 13 and all Texans."

Agriculture, Water & Rural Affairs

"This is an incredible opportunity to continue my work in the Texas House to address the needs of food deserts, nutrition and the expansion of urban farming and community gardens to increase access to affordable and healthy food," said Senator Miles.

Health & Human Services

"I represent the world's largest medical center where they help thousands of people each day, from a daily check-up to cancer research. I will be their voice to ensure we work to offer more options and not cut vital services that will affect our seniors and our most vulnerable Texans," said Senator Miles.

Natural Resources & Economic Development

"One of my priorities is to bring jobs and economic development to Senate District 13. This committee will be critical to ensure our communities receive necessary funding so that they can create good paying jobs and create a better quality of life for our neighborhoods," said Senator Miles.

Nominations

"This committee touches every state agency and university and affects millions of people who utilize their services. I plan on holding the people in charge accountable and ensuring they are safeguarding our tax dollars. On my watch, the nomination process will be transparent and open," said Senator Miles.

Keep the Faith, Keep the Fight!
