SENATOR ECKHARDT RECEIVES NEW COMMITTEE ASSIGNMENTS

AUSTIN—On Friday, Lieutenant Governor Dan Patrick announced member committee appointments for the 89th Legislative Session.

Patrick removed Senator Sarah Eckhardt from:

- Transportation
- Local Government

Retained Senator Eckhardt on:

- Veteran Affairs
- Nominations

And added Senator Eckhardt to:

- Administration
- Border Security

Senator Sarah Eckhardt released the following statement:

“In a democracy, our government is us. In Texas, all 31 state senators represent the interests of Texas, no matter where we come from, with what party we are aligned, or on what committees leadership has assigned us. I have greatly enjoyed serving on every committee to which I have been assigned over the last two sessions, from Water Agriculture & Rural Affairs and Local Government in the 87th, to Veterans Affairs, Nominations and Transportation in the 88th. I am eager to add to my Senate experience through my assignments on the Administration and the Border Security committees during the 89th. Republican or Democrat, we must all take an active role in our state government, holding each other accountable for passing laws that put prosperity within reach of every Texan.”
