CAMPBELL REQUESTS BLOCK GRANT FOR MEDICAID

AUSTIN-- Sen. Donna Campbell took the opportunity to release a statement directed at President Obama during his visit to Austin this week:

"With the President in town, I hope he will give Texans credit for what works in Texas. Our economy is thriving while much of the nation stagnates because in Texas we have proven that economic freedom, low taxes, and government restraint are what drives success and creates opportunities for our families and businesses. Let Texans legislate Texas, Mr. President. We know what works best for our state better than bureaucrats in Washington. By block granting Medicaid as Texas has requested, we can do more to help Texas families and keep costs down than the federal government ever could."
