Sen. Campbell Statement on 2014 TEA Accountability Ratings

AUSTIN-- Sen. Donna Campbell statement on the TEA accountability ratings, which were released earlier today.

"Thanks to excellent teachers, dedicated parents, and hands-on administrators, Texas continues to make great strides to provide a quality education for our children. Today's accountability standards reflect the progress our state has made to help students achieve their dreams and become the leaders of tomorrow. With an increased emphasis on innovation, competition, and rigor in the classroom, we will keep building on these standards until Texas is the number one education state in the nation."
