**Senator José Menéndez Issues Statement on Attorney General Paxton's Lawsuit
Against San Antonio ISD**

San Antonio, Texas - State Senator José Menéndez issued the following statement on the decision by Attorney General Paxton to sue San Antonio ISD over vaccine mandate

Senator José Menéndez released the following statement:

“Today, the Attorney General of Texas has filed suit against San Antonio ISD. The decision to take legal action against a school district for implementing scientifically based methods to protect their employees and students is reckless and a frivolous use of taxpayer’s dollars! Local government is closest to the people. We should be empowering our local school districts to enact public health measures that are best suited for their community. We stand with the San Antonio ISD, and encourage the use of scientifically proven methods of protection to guide us in developing public policy, including the mandating of vaccines and masks.”
