## Springer Introduces Legislative Package to Defend Second Amendment

AUSTIN, TX – Today, State Senator Drew Springer (SD-30) filed eleven bills, the most in modern Senate history, to protect and expand the rights of gun owners in Texas. Senator Springer issued the following statement following the filing of these bills:

“Standing up for the Second Amendment has always been one of my top priorities,” *said Senator Springer*. “Time and time again we’ve seen the federal government try to overregulate the firearms industry and overstep the Tenth Amendment which we know harms law abiding citizens. The bills I’ve filed today will protect Texans’ Constitutionally guaranteed right to bear arms and defend themselves and their property. From protecting the manufacturing process to establishing Texas as a sanctuary state for gun owners from more burdensome federal regulations, my bills will ensure Texas firearm owners and producers aren’t further punished by government overreach.”

### **Senator Springer’s Legislation:**

1. Senate Bill 540 *Constitutional Carry*, will allow for the legal carrying of a handgun, either openly or concealed, without a license or permit.
2. Senate Bill 541 2A *Sanctuary State*, prevents the enforcement of federal statutes, laws, rules, regulations, and executive orders of firearm and firearm accessory by the state of Texas. This bill protects gun owners in Texas from any new or additional federal firearm regulations on or after January 19, 2021.
3. Senate Bill 542 *Texas Firearm Freedom*, exempts the manufacturing of firearms and firearm accessories from federal statutes, law, rules, regulations, and Executive Orders for intra state sales and use.
4. Senate Bill 543 *Texas Hearing Protection Act*, for intra state manufacturing, sales and use of suppressors. Texans would be exempt from federal law regulation.
